

[www.talkallergy.com](http://www.talkallergy.com)

**talkallergy** is an online community based information and support website for patients and carers coping with the day to day difficulties of suffering with allergies.

Browse the website for information and latest news about allergies, and by becoming a member access the following:

- allergy patient forums
- NHS Choices Expert forums
- find a friend - where you can talk with others on a one to one
- e-newsletter - delivered to your inbox quarterly
- participation in surveys and research
- free samples and offers
